# Google Slides Toolbar Quick Guide

The screenshot shows the Google Slides interface. At the top, the title bar reads "Test Pupil1 - HS - Activity 2" with a star icon and a share icon. Below the title bar is a menu bar with options: File, Edit, View, Insert, Format, Slide, Arrange, Tools, Add-ons, and Help. A status message says "Last edit was made 16 minutes ago by Test Pupil1". On the right side of the top bar, there are icons for a line graph, a chat bubble, a "Present" button with a play icon, a "Share" button with a person icon, and a profile icon labeled "T". Below the top bar is a toolbar with various editing tools like undo, redo, copy, paste, search, and zoom. The main workspace shows a slide with a yellow background. On the left, there is a vertical sidebar with five slide thumbnails. The current slide (slide 4) features a giraffe illustration on the left and a yellow text box on the right containing the text: "One of the animals that we come across in the story is the giraffe. Watch this short video about giraffes [here](#). Using the information from the video, we are going to create an animal fact file." At the bottom of the slide, there is a "Click to add speaker notes" area. A large yellow arrow points to the "Present" button in the top right corner.

There is also a 'Present' button at the top, which lets you view the slide show in full screen mode. This is useful if there are links or animations within the Google Slides.
