

Friday September 11th 2020

Dear Parents.

During the school closure period we became aware that some children had difficulties accessing their online tasks/learning. So that we have a clear picture of what access our pupils have to devices and internet access, could you please complete the questionnaire and return it to school as soon as possible. Should the school have to return to remote learning because of school closure, we would like to ensure the transition from school-based learning to remote learning is as efficient as possible. We would therefore value your comments on the difficulties your child experienced with home learning during the school closure.

1. What sort of internet access do you have at home? Please tick.

- Broadband
- Only via my mobile phone
- Mobile dongle that offers internet
- No access

2. Tick any devices that you have at home that your child can have access to for *their* learning. (Tick all that apply)

- Desktop computer
- Laptop
- iPad
- Android tablet
- Kindle fire
- Chrome Book
- Smart phone
- None

3. If your child shares a device, who is it shared with?

- not shared
- shared with adults - how many?.....
- shared with older siblings - how many?.....
- shared with younger siblings - how many?.....

4. Were there any websites that your child had difficulty accessing e.g. Google Classroom, MyMaths, Active Learn?
Please state below:

5. Were there any other difficulties your child had with home learning? Please state below:

Name of child.....

Signed.....

N Park
Headteacher.
