

Reading for Pleasure Library Visits

As part of our ongoing focus on Reading for Pleasure, our pupils will be regularly visiting the library at The Word this year.

We are fortunate to have The Word within walking distance and have recently formed a link with them which enables us to enjoy regular library sessions on Tuesdays with their dedicated staff.

Local library visits have the potential to strengthen children's confidence around books and library usership, while also supporting them to further develop their reader identities and enjoyment of reading. During our library sessions, pupils will have the opportunity to enjoy activities led by library staff and time to share stories together. Pupils are also welcome to borrow books from The Word using our class library ticket and return them when we next visit the library together.
