

Pupil Led 'Let Us Pray 2gether' Celebration of the Word

The children chose the theme of Love based on discussions that have arisen during our RE lessons. They planned the COTW, assigning each person a role, choosing to:

- **Gather** in silence in the classroom and welcome each other by saying, 'The Lord be with you' and respond with 'And with your Spirit.'
- The children decided to **Prepare to listen to the Word** by lighting a candle and placing it on the focus table. They said, "This reminds us of Jesus the light of the World." The children were encouraged to watch the flickering flame and feel the presence of Jesus as they listened to God's Word.
- One of the children shared '**Love is patient and Kind**' 1 Corinthians 13:4-7.
- **Response to the Word** – the leaders asked the children to draw something they owned on a post-it note then tear it down the middle and share it with someone in the class. This was to reflect asking God to help them share things.
- **Mission** – the children were asked to do something helpful at home.
